Winter Workshop

Shared decision-making in the context of personalized
medicine and patient-centered care – Ethical issues,
new methods, and dimensions in the field of oncology

December 05-06, 2016

Lecture Hall (Historical Building)

Paulinerkirche

Papendiek 14

37073 Göttingen

Workshop Program

Monday, December 05, 2016

12:45-13:15 Arrival and registration

13:15-13:30 Welcome – Silke Schicktanz

Session I: New challenges to SDM “at the bedside” and socio-empirical findings from patients and medical professionals

13:30-14:00 **Tove Godskesen:** When patient-centered care clashes with the search for generalized knowledge: Why we need to reconcile ethical perspectives at the oncology clinic

14:00-14:30 **Sabine Wöhlke:** Who wants to share what? Lessons from an interaction analysis of the IC procedure in clinical oncological research

14:30-15:00 **Margarete Boos:** Decision making in multidisciplinary tumor boards

15:00-15:30 Break

Session II: SDM as a practical or structural challenge / Who should be involved and under which conditions? / Relationships, hierarchies, and structural aspects of SDM

15:30-16:00 **Suzanne Metselaar:** Encouraging SDM between health care professionals and family members at a hematology ward

16:00-16:30 **Nicky Honnef:** Informed consent in allogeneic stem cell transplantation: Experiences of patients and professionals

16:30-17:15 **Commentary (clinical oncologists: Torsten Liersch & Lena Conradi)**

17:15-17:30 Break

17:30-19:00 **Suzanne Metselaar:** Moral case deliberation

20:00 **Dinner (Fellini)**

Tuesday, December 06, 2016

09:15 Refreshments

Session III: New theoretical and conceptual considerations of SDM / The role of predictive test information for SDM / On facts and values: What needs to be addressed in which manner in SDM?

09:30-10:00 **Lars Sandman:** Ethical challenges of combining shared decision-making with personalized medicine

10:00-10:30 **Guy Widdershoven:** The importance of emotions in shared decision-making

10:30-11:00 **Poster session**

11:00-11:30 Break

11:30-12:00 **Ulrik Kihlbom:** What to share in a decision and how to share a decision – Some perspectival challenges

12:00-12:30 **Karin Jongasma:** The more the merrier? Concepts of representation and shared decision-making in health care and health care policy

12:30-14:00 Lunch

14:00-14:45 **Commentary (Silke Schicktanz & Eva Hummers-Pradier)**

14:45-15:00 Break

15:00-16:30 **Discussion:** Agenda for future projects

19:00 **Nikolaus Dinner Party (Café Botanik)**
